

THE SOJOURNING OF ISRAEL - AND LITERAL TIME IN EGYPT

By Roger Tointon

Sequence Scriptures:

- Gen 12: 1-4 At 75 Abraham was called by God and given promises.
 15: 1-21 Ten years later (16:3) God establishes a covenant with Abraham at 85 and ratifies his part-physical seed & spiritual seed.
 17:1-17 14 years later Abram 99 years old. Covenant of physical seed-nations & kings thru all generations.
 21: 1-5 Fifteen years later Isaac was born. Abraham 100 years old.
 22: 1-18 Abraham was tested by God told to sacrifice his son Isaac; when he attempted to be ratified for his part of the covenant. The promises are restated and this starts the 400 years of the covenant.
 25: 20-26 Issac was 40 when he married Rebekah and 60 when Jacob was born.
 46: 27 All 70 souls of House of Jacob finally came into Egypt.
 47: 9, 28 This shows it was 130 years afer Jacob was that all 70 were in Egypt.

* The 400 years of Gen 15:13 is the time frame of the covenant.

** The 430 yers covers the actual time of testing of Abraham - 15 years to receive the promised son (Isaac) and 15 more years to finally ratify his part of the covenant by (in his heart) sacrificing his son. Thus, 430 years (Exodus 12:40-41).

*** The 225 years of all Israel in Egypt is derived by subtraction.
